

Mini-Course using LEGO® at the SEE Science Center

Creative Building: Bridges, Towers, & Racers

Thursdays May 23, 30 & June 6

12:30pm - 2:30pm or 3:30pm-5:30pm

Ages 5 to 9

In this three-week mini-course, participants are given basic challenges and are encouraged to build creatively in a hands on environment during each session. The instructor uses a variety of methods to guide students through the problem solving process ensuring the students learn and have fun at the same time.

Bridges: Learn about the strength of shapes and the differences between triangles and rectangles.

Towers: Learn about structures and how to build something very tall.

Racers: Race custom cars down a ramp while learning basic principles of gravity, friction and motion.

This Mini-Course was created by and will be run by Brickapalooza owner and founder Eric Kingsley.

The cost is \$80 per child (\$70 for SEE members) Each session is limited to 20 participants.

Mail the portion below to: SEE Science Center, 200 Bedford Street, Manchester, NH 03101
or fax the form to 669-0400 or Call 669-0400 to register by phone.
