

# LEGO® Mini-Course at the SEE Science Center

## **Creative Building:** **Boats, canals, dams**

Wednesdays January 3, 10, 17

12:30pm - 2:30pm or 3:30pm-5:30pm

Ages 5 to 9

In this three-week mini-course, participants are given basic challenges and are encouraged to build creatively in a hands-on environment during each session. The instructor uses a variety of methods to guide students through the problem solving process ensuring the students learn and have fun at the same time.

**Boats:** What makes a boat float, what they are made of, what are they used for, and how they are powered.

**Canals:** How they are built, why we build them, how they work without they use of pumps etc.

**Dams:** Why we build them, how they affect the environment and people living up and down stream.

This Mini-Course was created by and will be run by Brickapalooza owner and founder Eric Kingsley.

The cost is \$70 per child (\$60 for SEE members) Each session is limited to 20 participants.

Mail the portion below to: SEE Science Center, 200 Bedford Street, Manchester, NH 03101  
or fax the form to 669-0400 or Call 669-0400 to register by phone.
